

Assignment – Task 1

Use AI in the best possible way to write on a higher educational institute of your choice, the courses the institute provides, the fees, the eligibility, the application process, application documents, the scholarships, the infrastructure, and the placements. Include images of the institute and also, it's logo. Ensure that your content is free from plagiarism. Please attach a plagiarism report using any of the software.

For example: Mithibai College of Arts, Chauhan Institute of Science & Amrutben Jivanlal College of Commerce and Economics, Vile Parle West, Mumbai.

Here you would have to include information available online, use AI to enrich the data, keep the flow of the content relevant and consistent, and free from plagiarism. The content you create should be appropriate for an education website to be used by parents and students.
